

### 606 Universal Shelving System 620 Chair Programme 621 Table

---

#### Honest pricing

We charge all our customers a single, fair, honest price.  
[vitsoe.com/honestpricing](https://vitsoe.com/honestpricing)

VAT inclusive prices are calculated at the VAT rate of 20%.

All prices are subject to change.  
[vitsoe.com/terms](https://vitsoe.com/terms)

#### Free UK delivery

All UK orders are delivered free of charge by us or our delivery partner.  
[vitsoe.com/delivery](https://vitsoe.com/delivery)

#### Installation and assembly

You can install the shelves or assemble the chairs yourself (we supply fixings, detailed instructions and templates) or with the help of a capable friend. We can install your shelves in the UK, starting from £195 inc VAT. Your Vitsoe planner will give you a price.

#### Constantly evolving

For more than half a century we have made furniture to which you can add whenever you need. As that furniture has evolved in response to a changing world some technical details, colours, materials and textures may now differ from those you already own. This ethos ensures that your latest purchase is the best we can make today.

# 606 Universal Shelving System

**Metal** is epoxy polyester powder-coated pre-treated mild steel.

Prolonged exposure to excessive moisture is not recommended.

**Beech** is acid-catalysed lacquer over beech veneered and solid lipped laminboard (shelves) or MDF (cabinets). Beech will darken naturally when first exposed to sunlight; it is therefore advisable to move items on the surfaces during the early months of use.

The beech-veneered surfaces of the cabinets, desk shelves and tables are real beech wood. They are not artificial. Beech veneer may contain small knots that are part of the natural character of the wood, making each surface unique.

Do not subject beech to heat or moisture. Beech will darken naturally when first exposed to sunlight; it is therefore advisable to move items on the surfaces during the early months of use. Beware that electrical equipment can become hot in use. For example, put your laptop on a stand or a mat.

If you would prefer a uniform finish, we recommend you buy off-white, black or silver surfaces.

The fronts and backs of beech cabinets and shelf with drawer will be the same colour as ordered shelves (off-white, black or silver).

**Cabinet** tops/bottoms/fronts, the mounting panel and the shelf with drawer in off-white, black or silver are polyurethane lacquer over MDF.

## Colours

Off-white	RAL 9002
Black	RAL 9005
Silver	RAL 9006

## Off-white colour

The colour of off-white cabinets changed slightly on 1 December 2001 to become a true RAL 9002.

Vertical dimensions are +/- 0.5cm

## Shells

The chair shells are made from hot-pressed sheet-moulding compound (similar but stronger than glass-reinforced polyester) which are polyurethane-lacquered.

## Shell colours

Off-white RAL 9002  
Black RAL 9005

## Leather

Our leather is full-grain, chrome-tanned and aniline-dyed. The surface structure has not been altered in any way, nor has any coating been applied. The result is a breathable material that shows its natural scars, scratches and wrinkles – and will develop an enviable patina with age. Importantly, the uncoated surface is breathable, allowing the leather to feel warm in winter and cool in summer.

## Colours

Olive brown Chocolate  
Red Midnight  
Cinnamon Black

## Linen

Our 100%-pure linen is soft but surprisingly durable, achieving more than 30,000 rubs on the demanding Martindale test. The linen is hypo-allergenic and breathable – and wears its characteristic slubs with pride. Its flax is grown and woven in northern Europe without the use of pesticides or irrigation – and is zero waste.

## Colours

Flax Loden  
Marine Grey

## Notes on colour

Some colour variation from batch to batch for leather and linen should be expected. Exposure to sunlight and/or oils from the skin may result in colour change over time. Natural dyes from clothes – especially indigo – may transfer to upholstery. Take care, especially when your friends visit in new clothes. Where possible, shade leather and linen from direct sunlight.

# 621 Table
